

- [Explain the process of photosynthesis.](#)
- [Define the term "ecosystem".](#)
- [List the major components of a cell.](#)
- [Describe the function of the mitochondria.](#)
- [What is the primary source of energy for most ecosystems?](#)
- [Explain the difference between a producer and a consumer.](#)
- [Define the term "biotic potential".](#)
- [List the factors that limit population growth.](#)
- [Describe the logistic growth curve.](#)
- [Explain the concept of carrying capacity.](#)
- [What is the difference between density-dependent and density-independent factors?](#)
- [List the stages of the cell cycle.](#)
- [Describe the process of mitosis.](#)
- [Explain the function of DNA.](#)
- [What is the difference between a genotype and a phenotype?](#)
- [Define the term "allele".](#)
- [List the types of mutations.](#)
- [Describe the process of natural selection.](#)
- [Explain the concept of genetic drift.](#)
- [What is the difference between directional selection and stabilizing selection?](#)
- [List the major groups of the three domains of life.](#)
- [Describe the endosymbiotic theory.](#)
- [Explain the function of the cell wall in plants.](#)
- [What is the difference between a primary and a secondary cell wall?](#)
- [List the major groups of protists.](#)
- [Describe the life cycle of a fern.](#)
- [Explain the function of the xylem and phloem.](#)
- [What is the difference between a gymnosperm and an angiosperm?](#)
- [List the major groups of animals.](#)
- [Describe the process of embryonic development.](#)
- [Explain the function of the nervous system.](#)
- [What is the difference between a neuron and a glial cell?](#)
- [List the major groups of invertebrates.](#)
- [Describe the life cycle of a butterfly.](#)
- [Explain the function of the respiratory system.](#)
- [What is the difference between a fish and an amphibian?](#)
- [List the major groups of vertebrates.](#)
- [Describe the life cycle of a mammal.](#)
- [Explain the function of the reproductive system.](#)
- [What is the difference between a prokaryote and a eukaryote?](#)
- [List the major groups of bacteria.](#)
- [Describe the process of binary fission.](#)
- [Explain the function of the cell membrane.](#)
- [What is the difference between a Gram-positive and a Gram-negative bacterium?](#)
- [List the major groups of fungi.](#)
- [Describe the life cycle of a mold.](#)
- [Explain the function of the cell wall in fungi.](#)
- [What is the difference between a yeast and a mold?](#)
- [List the major groups of plants.](#)
- [Describe the life cycle of a moss.](#)
- [Explain the function of the vascular tissue in plants.](#)
- [What is the difference between a monocot and a dicot?](#)
- [List the major groups of animals.](#)
- [Describe the life cycle of a fish.](#)
- [Explain the function of the circulatory system.](#)
- [What is the difference between a reptile and an amphibian?](#)
- [List the major groups of invertebrates.](#)
- [Describe the life cycle of a bird.](#)
- [Explain the function of the respiratory system in birds.](#)
- [What is the difference between a bird and a mammal?](#)
- [List the major groups of vertebrates.](#)
- [Describe the life cycle of a mammal.](#)
- [Explain the function of the reproductive system in mammals.](#)
- [What is the difference between a prokaryote and a eukaryote?](#)
- [List the major groups of bacteria.](#)
- [Describe the process of binary fission.](#)
- [Explain the function of the cell membrane.](#)
- [What is the difference between a Gram-positive and a Gram-negative bacterium?](#)
- [List the major groups of fungi.](#)
- [Describe the life cycle of a mold.](#)
- [Explain the function of the cell wall in fungi.](#)
- [What is the difference between a yeast and a mold?](#)
- [List the major groups of plants.](#)
- [Describe the life cycle of a moss.](#)
- [Explain the function of the vascular tissue in plants.](#)
- [What is the difference between a monocot and a dicot?](#)
- [List the major groups of animals.](#)
- [Describe the life cycle of a fish.](#)
- [Explain the function of the circulatory system.](#)
- [What is the difference between a reptile and an amphibian?](#)
- [List the major groups of invertebrates.](#)
- [Describe the life cycle of a bird.](#)
- [Explain the function of the respiratory system in birds.](#)
- [What is the difference between a bird and a mammal?](#)
- [List the major groups of vertebrates.](#)
- [Describe the life cycle of a mammal.](#)
- [Explain the function of the reproductive system in mammals.](#)
- [What is the difference between a prokaryote and a eukaryote?](#)
- [List the major groups of bacteria.](#)
- [Describe the process of binary fission.](#)
- [Explain the function of the cell membrane.](#)
- [What is the difference between a Gram-positive and a Gram-negative bacterium?](#)
- [List the major groups of fungi.](#)
- [Describe the life cycle of a mold.](#)
- [Explain the function of the cell wall in fungi.](#)
- [What is the difference between a yeast and a mold?](#)
- [List the major groups of plants.](#)
- [Describe the life cycle of a moss.](#)
- [Explain the function of the vascular tissue in plants.](#)
- [What is the difference between a monocot and a dicot?](#)
- [List the major groups of animals.](#)
- [Describe the life cycle of a fish.](#)
- [Explain the function of the circulatory system.](#)
- [What is the difference between a reptile and an amphibian?](#)
